

Renewable Energy Educational Videos Prepared by Aspen Hill Films Based Mainly on Presentations & Interviews at Solar Energy Conference Venues

Aug-14

Videos Listed by TOPIC, VENUE, SPEAKER, TITLE, ACCESS

ACCESS - Definition of the Codes

AHF - Videos can be obtained from Aspen Hill Films (AHF). Contact dave@aspenhillfilms.com or paulette@panoramapathways.net

DVD - These earlier videos are in DVD format and packaged as part of plenary sessions. VHS - one presentation is in VHS format

ASES? - In the past these DVDs were available through ASES Store <http://www.asespubs.org/> ASES no longer sells the DVDs

IISES - These DVDs are still available through the ISES Store <https://shop.ises.org/bookshop/>

Web - Recent videos are provided via You Tube or Vimeo as individual presentations.

Web? - Means they were on the web but cant be found there now.

Presentation Videos List

These are based on presentations given at ASES and ISES conferences and are listed in detail below.

Other Videos List - These are listed after the Presentation Videos

In addition to these presentation videos, Aspen Hill Films also has background footage and interviews associated with the conferences, plus stories from solar personalities. Many of these are listed after the presentation videos list.

Promotional Videos

Aspen Hill Films also has short 5-minute solar energy promotional videos: See <http://www.aspenhillfilms.com>

Job Creation is an advertisement for Solar 2007, highlighting efforts in Ohio.

Voices in the Light provides inspirational thinking about the renewable energy revolution.

EuroSun 2008 highlights the content and spirit of EuroSun 2008

Sustainable Resources 2004 provides an inspirational overview of this sustainability conference.
